Comments: I would like to express my support this project. Additional ski terrain is very much needed and appreciated. I have skied at Purgatory Resort for nearly 30 years. The resort owners are good stewards of the Forest Service property. I don't see any negative impacts of this project. I don't see the concerns for lynx habitat or water quality. Opening the area by removing trees and vegetation would actually increase quality habitat for lynx. So please help this applicant through the permitting process as quickly as possible.
