Comments: Good Morning Gentlemen, I would like to add my support for the alternate access to the Meadow Vally area. As a long time quail and deer hunter the unfortunate locking of private land has added a burden to access, especially with dogs. I am not sure what prompted the locking of gates, hopefully not damage or vandalism, but this will eliminate any problems for the local land owners and provide again reasonable access for the sportsmen. This will result in a win for landowner, Forest Service and sportsmen.

Thanks
Ken Meadors
