Subject: Dead Laundry Project Comments

Dear Amy,

Due to my summer travel schedule, I have been unable to review the Environmental Assessment for this project. Please understand that I still have most of the same concerns I expressed in my original scoping letter, such as timber harvest in existing old growth and encroachment on existing roadless areas. I am also very concerned about impacts to water quality, fisheries and sensitive wildlife species such as the fisher. Please keep me informed as this project moves forward.

Sincerely,

Harry Jageman
