Comments: To whom it may concern,

I have been a season pass holder at Mt Hood Meadows for 15 years. My love of skiing brought me to the mountain over 40 days last season.

I urge you to approve the proposed chair lift at the ski resort for a number of reasons.

1) More uphill capacity is desperately needed. On peak days or powder days the lines can be infuriatingly long. This is even worse when I have my young kids with me who don't have nearly as much patience.

2)The environmental impact should be minimal. It is just replacing an existing lift that is nearing the end of its operational life anyway.

3) More and more people are recreating outdoors, so the need is not going away.

Thank you for listening. I look forward to an improved skiing experience for many years at my favorite resort on Mt Hood.
