Title:

Comments: Please know that I, and many of my friends, formally lead to allow Mt Hood Meadow to change their quad chair lift to a 6 seat lift. The congestion on this main lift is, at times, unbearable. The enjoyment of skiing is to ski, not stand in a congested line. I have been a season pass holder the last 20 or so years and believe Meadows Management top notch. Please allow them to proceed keeping us (now) retired folks happy!
