Comments: I am new within the last few years to the gorge and I just camped on a trail for the first time and it was amazing. I'd really love to be able to do it again and beg you don't impose these restrictions. I was taught would I can and cannot do. We were respectful of the environment but the experience is one in a million and plan on coming back very soon to do it again. There has to be a better way!

Thanks
