Comments: I would like to see access to climbing areas expanded. I am a climber of 20 years and have climbed all over the country. The cliffs of the RRG are the best cliffs in the country for climbing. Climbing brings great positive economic value to the surrounding area. I personally built a cabin in Wolfe County to have a spot to stay on the weekends for climbing. I am a patron of many local businesses. Limiting access to certain areas of the forest will exasperate the problems in other areas of the forest. Opening up new walls for development would spread the crowds.
