First name: Andrew

Last name: Chen

Organization:

Title:

Comments: As a climber, I support these plans and the inclusion of climbers in the formation of these plans. I support the priority these plan's place on partnership to accomplish planning, education and management goals. DBNF should continue to consider RRGCC, Access Fund and the climbing community as partners. This partnership is proven, longstanding, and recorded in both a DBNF and USFS MOU.
