To whom it may concern :

I am reviewing an article in the Nees Observer in Fannin County GA .

I fully support the née rule for the 30 day restricted time period after camping 14 days .

This will not only make it easier for our citizens to schedule camping trips and enjoy our wonderful Forest but it will also improve the grounds in and around the forest from overuse or becoming a grounds of illicit drug use .

My family and I love camping in our local communities and we are constantly having issues with being able to find and reserve a campsite due to the way that citizens get creative currently .

Please pass this rule !
