RE: Forest Order Camping Restrictions

I absolutely am 100% FOR the Camping Restrictions to not exceed 14days within a month's timeframe. I have been traveling from Atlanta for over 35 years to the Chatt Nat Forest lands to camp over weekends. In the recent 5 years I have seen an uptick in not only campers (which is cool), but obvious signs of long-term camping (which is not cool). Long-term camping not only monopolizes some of the greatest spots, but also desecrates the ecology on and around the site. Public lands were not designed to be a permanent living quarters for anyone.
