Dear Mr. Hunter,

I received a notice re: prohibiting camping or maintaining a campsite in developed and dispersed areas in excess of 14 days within any 30-day time period for the purpose of natural resource protection. I understand that some exemptions will apply.

Protecting our natural resources is important to me. To mitigate the effects of long-term stays, which result in erosion, removal of vegetation and ground cover in riparian zones, excessive soil compaction, and erosion, some of which lead to degradation of water quality, I believe that this action is warranted and am in full support.

Thank you for the opportunity to express my opinion on this matter.

Heidi Davison
