First name: Heidi

Last name: Steinert-Bresilge

Organization: Montessori

Title:

Comments: It is imperative, and now more than ever, that we do all we can to preserve and add to the beautiful wild lands~ NOT more logging and destruction of natural areas. Everywhere we look, there is more and more destruction and climate change consequences of fire, flood, devastation. We MUST act now in righting the many wrongs people have committed against this beautiful planet.
