First name: Jed

Last name: Workman

Organization: Valdez Heli Ski Guides

Title: General Manager/Lead Guide

Comments: VHSG and other heli operators have responded to numerous general public life or limb emergencies, rescuing and evacuating patients to the local hospital in a timely and efficient manner not possible by any other method or local service.

I think it should be an important consideration to backcountry users that their safety may actually increase with highly trained heliski professionals operating in their local areas.

I'm looking forward to this opportunity to work in partnership with the Forest Service to provide the general public access to their public lands and assisting in achieving USFS goals.
