Comments: I am very excited to read through the proposed expansion area's at Lutsen Mtn. I am not a resident of the local area and do travel into ski every winter from Twin Cities. Each I make multiple trips to ski and once per year with a group of 10 we choose Lutsen Mtn. over the heading out west to ski. We love the north shore, the offerings of Lutsen Mtn. and renting cabin on or near the ski resort. We love to keep our money hear in Minnesota and especially feel pride in supporting local businesses all along the north shore when we make our trips. I would love to see this come to fruition!!
