Comments: I was born and raised in MN, and have been visiting the "north shore" for 60+ years. Hiking, camping, canoeing, fishing, hunting, and yes, skiing. It is a true treasure for MN, the Midwest, and the country. I strongly feel that additional area, terrain, and facilities at Lutsen are very consistent with what this area is all about. Because of it's location, Lutsen must be a 'destination" ski area. It just isn't quite there now, but this proposed expansion would change the game for northeast MN. It is the perfect location to make this expansion and investment, creating opportunities for recreation and employment that are needed in that area. It's been a long time in the making, and it appears that most, if not all of the serious concerns have been addressed. Thanks for allowing me to comment.
