Comments: Thank you for the opportunity to comment on your Draft Revised Forest Plan.

The Manti-La Sal is important to me, and Id like the forest to analyze the Conservation Alternative, in full, in the upcoming Draft Environmental Impact Statement. In addition, Id also like the forest to Protect cultural sites, use sustainable grazing practices, protect critical areas including Left Fork Huntington Creek, Sinbad Ridge and Red Towers. Please give special attention to old growth protection.
Planning for Bears Ears should wait till President Biden decides upon recommendations for the scope of the National Monument.
