Comments: Thank you for the opportunity to comment on your Draft Revised Forest Plan.

The Manti-La Sal is important to me, and I'd like the forest service to analyze the Conservation Alternative, in full, in the upcoming Draft Environmental Impact Statement. In addition, I'd also like the forest service to get a handle on the archaic and relentlessly destructive over grazing of our public lands. Likewise the motorized recreation abuse that occurs on these lands is destructive, damaging, and flagrantly disrespectful.

Please reign in these two most harmful pursuits in our national forest and public lands.
