First name: Stephen

Last name: tucker

Organization:

Title:

Comments: Please don't widen trails for utv use. All recreation areas that allow utv use are full of drunk riders who have no respect for safety of riders on other type of ohvs. They destroy trails and ride dangerously fast for the terrain. If hanging rock trails allow utv access any hope of family riding dirt bikes or atv with kids is gone. It is just far to dangerous for kids or adults on bikes to ride with utv.
