Comments: My family and I have been visiting Lutsen every year for the last 23 years. It is more important than ever that Lutsen survives for me. I am now disabled. I can not travel out west to ski anymore. The short trip to Lutsen with my family now has taken on more importance to me. I am a former ski instructor that was in a car accident 9 years ago. My "big" vacation every year is to Lutsen to ski with my family. I do not know if I could survive mentally with out Lutsen.

MN (I) need(s) Lutsen.
