Comments: Thank you for the opportunity to comment on your Draft Revised Forest Plan.

The Manti-La Sal National Forest is important to me. I would like the forest to analyze the Conservation Alternative, in full, in the upcoming Draft Environmental Impact Statement.

I fully support the Red Towers Botanical Area Proposal. This specific area of the Manti-La Sal national forest is unique and deserves further recognition and protection. I frequently visit this area to watch the birds. Due to the unique flora, this particular area hosts a number of bird species that are not easily found in other areas of the forest.
