Last name: Donley

Organization:

Title:

Comments: As a duluth citizen who daily enjoys our outdoor public land, the extreme beauty of northern MINNESOTA, and the beauty of public land, I firmly but calmly am against lutsen being allowed to expand their business to include any public land. And water. Greed might look on the surface as if the business in question is thinking of all people. They are not. This is continued greed from the lutsen group. Please protect our public land. There will be no more.
