Comments: I hear that Options C and D may have far reaching impacts on the closure of existing OHV/4x4 routes. If this is the case, I am strongly against this proposal since Offroading is enjoyed by many throughout CO, offers the disabled a way to enjoy nature as an able-bodied person is, and the closure of such routes may have significant negative impact to those who make a livelihood off of the offroading community.

In addition, I believe that drones should be permitted, perhaps with more stringent regulation to prevent drones from littering the landscape. It's a great way to capture lasting memories.

-Eric
