Title:

Comments: To Whom It May Concern: I respectfully request for this project to be reconsidered as it will invade, disturb, and make an irreversible negative impact to the wild life of that area. Two Bold Eagles ,for example, have found a sanctuary in Big Bear and made it their home for several years now. They have brought worldwide attention to area and give joy to thousands of people. Let's show the world we can respect nature and our beautiful wild life.

Sincerely, VG
