Comments: I support the Lutsen Mountains Special Use Permit. Lutsen Ski has a major positive impact on the economy of Cook County and my business. I do not see the hiking or Biking trails having a conflict with the expanded ski area. my family has been in Cook County since 1885. Lutsen Resort and Lutsen Mountains have been a leader in economic development for all our businesses. the BWCA gives all those who want a wilderness MORE THAN ENOUGH area to explore and photograph.
