Comments: Thank you for the opportunity to comment on your Draft Revised Forest Plan.

The Manti-La Sal is important to me, and I'd like the forest to analyze the Conservation Alternative, in full, in the upcoming Draft Environmental Impact Statement.

I assisted the Grand Canyon Trust document the impacts of the non-native mountain goats in the LaSal Mountains and saw first hand the destruction they have caused. I implore you to stop the damage to this unique ecosystem.

Please be "deep thinkers" and support the Conservation Alternative. Protect the Manti-LaSals for future generations!
