Comments: Let Mother Nature 'manage' our wild horses and burros! Humans are the only disruptive species. We're the only species that interferes with nature's balance. Humans have created an unnatural environment, threatening countless species, and causing mass extinctions. Now, more than any other time in human history, we must respect the natural and fragile balance of nature! Let's put our efforts into protecting these iconic creatures. Brutal helicopter round-ups are cruel and do nothing to solve the man-made climate crisis! When will we learn that what we're doing just isn't working?
