Comments: Hi,

My name is Drew Wright. I am a 21-year resident of Colorado and avid outdoorsman who enjoys hiking, climbing, snowboarding, and motorcycle riding. I have been enjoying the GMUG area for many years now and I am happy to see that this area is getting attention in regards to management.

I have read through the proposed Forest Plan Revisions and would like to express my interest in approving Alternative C, for the following reasons:

- Good balance between motorized and non-motorized use
- Relatively close to current management practices
- Good balance of common use while addressing environmental concerns.
- Less zoning restrictions, more flexibility
- Allows additional management in the event of a natural disaster and general recreation development.

I very much enjoy this area and hope that we can come to an agreement that works for everyone. Moto-recreation groups do a lot to maintain and preserve the area and I hope that we can keep single track trails open for younger generations to use.

Thank you
