Comments: These Roundups are a waste of Taxpayers Funds. They cannot be justified as Public Lands are at no cost for these Wild Mustangs to remain. Removal at the cost to Taxpayers expenses is a total waste. Hiring Contractors, transporting to Holding Facilities, hiring full time personnel, purchasing feed/hay to keep these wild Mustangs in these Facilities are at Public Expenses. Then to lease the Public Lands to Private Livestock Owners will NOT reimburse the cost of the Removal of these wild Mustangs. Nor repair the damage to Public Lands from Private Livestock. Endangered wildlife, native grasslands and natural water sources will also be affected. Not one Person has ever been charged for destruction of Government Property in the HISTORY of this Agency. This waste must STOP !
