Comments: Hello. I am a member of the Central Colorado Mountain Riders; a group of dedicated trail maintainers and motorized dirt bike riders based in the Salida area.

I have enjoyed riding in the Grand Mesa, Uncompahgre and Gunnison areas for multiple years now and have been happy to help in the trail maintenance and clearing we do as a club. I always carry a saw to clear trees from the trails and occasionally participate in the club's organized events to prevent erosion and generally maintain the trails and surrounding areas with the help of local Forest service representatives.

I would like to see the existing trails which are open to motorized travel remain open not only for recreated as I have enjoyed the, but also for access to these areas for natural event cleanup and prevention such as flooding and wildfires. I am particularly interested in motorcycle single track loops because the people I have encountered on those types of trails have seemed the most concerned and motivated to help keep the trails maintained and open for others to enjoy.
