Comments: I would like to submit my comments in support of motorized recreation for both ATV trails and motorcycle single track trails. I currently ride many of the loop trails on my ATV located on the Grand Mesa and would like to see those opportunities remain in place. I also ride my motorcycle on single track trails on the south Uncompahgre area and would like to see more single track available in this area. I also ride an ATV in this area and feel that the opportunities that exist should remain. Of the alternatives available I prefer alternative C, it seems to be close to the existing management plan with the least amount of zoning restrictions. This plan also allows a more proactive approach to managing issues with erosion and fire.
