First name: John

Last name: Kennedy

Organization:

Title:

Comments: My name is John Kennedy-member of COHVCO, CCMR, CMTRA & contributor to the TPA. I would that Alternative C be implemented in the coming years. I would also ask for greater access to the continental divide trail. Lessen the restrictions in the Uncompahgre area. Hunters are on the plateau while dirt bikers don't have access. Reopen trails in the Divide area that have been closed because fire and not reopened. Give us back trails that were given to bicyclist in the Taylor area. Closed to us without any input. I ask for more single track trail. We are being squeezed into less & less areas. Open old existing trails that have been around for the last 30 years, like the Ruby Mountains where the Collegiate Peak Enduro was held, those trails could be used now. Again please at the very least alternative C with parts of B included, Sincerely John Kennedy
