Comments: Hi, I am an outdoor enthusiast who enjoys skiing, hiking, and off-roading. I especially love the mountains in the summer and am up there about every weekend during that season. I recreate in the GMUG for a good portion of that time, mostly hiking and off-roading with both my Jeep and my side-by-side. I also make 2 longer trips down to the Ouray/Silverton area each summer as my vacations for the year.

I support Alternative C but there are multiple errors that need to be fixed. Specifically, all of these popular motorized trails are listed in non-motorized areas:

7585 Gunsight Pass

878 Engineer Pass

876 Poughkeepsie Gulch

884 Brown Mountain

630 Ophir Pass

869 Imogene Pass

6250/6233 Richmond Basin

853.1c governor Basin

853.1b Yankee Boy Basin

886 Corkscrew Gulch

860 West Fork Cimarron

I also support the comments made by TPA, CORE, COTD, and CSA. Thank you.
