Comments: Hello Forest planners,

Please consider one of the options that does not close down so much of our forest to motorized recreation.

The snowmobile and motorcycle community has given up their share already. Washington gulch and oh be joyful come to mind locally.

Alternative D is very much unfair to the motor sport community.

Education and sharing the sandbox is how we should go forward.

Keep the sound levels down with a little enforcement and peer pressure.

Please don't shut us out.

We all deserve to recreate responsibly.

It might not be long before we are all on electric vehicles and can carve snow in silence.

Lets share the sandbox.
