Comments: I would like to state that I prefer Alternative C and state that the mapping issues in the FOS must be corrected.

Trails available to atvs, motorcycles and Jeeps should remain open and in order to do so mapping errors must be corrected so it prevents future mapping errors and closures.

I support CORE and Colorado Offroad Trail Defenders comments and submittals on this draft plan.

Motorized use of current trails must remain and this includes summer months and winter snowmobiling!

Thanks
