First name: Kathy

Last name: Slaughter

Organization:

Title:

Comments: I support Alternative D, with more wilderness area. We must provide undisturbed areas with sufficient ground cover for the endangered lynx. I frequently hike in GMUG. I am a senior citizen who moved back to this area to enjoy the quiet beauty of the wilderness. I am a member of Sierra Club, and we delight in the deep forest and the chance to spot wildlife undisturbed. I have lived in Grand Junction 20 years off and on, and I hope to bring my grandson to enjoy the same wilderness areas I have loved.
