Comments: Is any consideration being given to only allowing the expansion on Eagle Mountain? In my opinion the largest issue with the ski resort in it's current state is the lack of parking and chalet space. Completing the expansion in the Eagle Mountain SUP Area would greatly expand parking availability, while having a much smaller impact on other user groups (SHTA, back country skiers, etc...). I support the expansion in the Eagle Mountain SUP. However, I am not convinced the Moose Mountain expansion is necessary due to conflicts with other user groups and also I do not see enough availability of lodging and workers to support the additional skiers that would make the Moose Mountain expansion necessary.
