Comments: It is my understand8ng that the Forestry Dept has decided to decommission many of the remote roads we travel in our UTV. These roads are important to our Backcountry experience. Please stop this plan to make our visit less accessible to your Forest. I object specifically to the closure of Quartz Creek Road, Sugar Creek Road, Three Mike Road, the upper road to Cinnabar, the access Road to the Red Metal Mine and any other trails or roads in the area. Also opening a bypass above the slide near the Eugin Ranch would be beneficial.

Please reconsider your plans for this area. The forest belongs to all of us and this is how we get to see all of the amazing things we see from our UTV window.

Thank you
