Comments: Thank you for the opportunity to comment on Region 5 Post-Disturbance Hazardous Tree Management Project #60950.

Dead and dying trees should be left alone in Wilderness. The Forest Service should only clear trails of only the fallen trees that must be removed. Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails.

The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.
