Comments: The wilderness is called that because it's nature in it's pristine state, and must be left wild. The use of chainsaws to clear trails is anathema to the existence of wilderness. Visitors should be afforded the experience of nature's wildness without human meddling, so i oppose even the clearing of trails in the wilderness. PRESERVE WILDERNESS BY KEEPING IT TRULY WILD!

The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.
