Comments: Please reconsider your plans when managing the wilderness and please respect the American public's comments on this matter. We pay for the wilderness areas and it's governance through our tax dollars, and our wishes need to be heard and responded to.

Dead and dying trees should be left alone in Wilderness. The Forest Service should use crosscut saws, not chainsaws, to clear trails of only the fallen trees that must be removed. Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails.

The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.

Please act accordingly. We need wilderness to protect what is left of nature. Please do not destroy nature and wilderness areas needlessly. There has been way too much damage already done by the US Forest Service and the BLM. It is simply ridiculous.

Thank you,

Holly Nottingham
