Title:

Comments: Please leave the wilderness WILD! Dead and dying trees are part of nature, and they should be left as nature intended, not "pruned" as if they were in a botanical garden. Anyone visiting a wilderness area should know what a "wild" area looks like, and accept that all the trees will not be manicured -- and accept the risk that one might fall near them. Additionally, chainsaws should not be used to clear trails in a wilderness area; crosscut saws are the ones to use. Please reject Project \$60590.
