Title:

Comments: The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries. I oppose using chainsaws to clear trails in Wilderness. Instead, the Forest Service should use crosscut saws to clear trails of only the fallen trees that must be removed. Dead and dying trees should be left alone. Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails.

Thank you for your consideration in this matter.
