Comments: I oppose using chainsaws to clear trails in Wilderness.

Dead and dying trees should be left alone in Wilderness and some fires should be left to burn naturally.

The Forest Service should use crosscut saws to clear trails of only the fallen trees that must be removed.

Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails and not allow plastic bottles to be sold or used.

The Forest Service needs to exclude all Wilderness areas from this project,
