Comments: You must NOT destroy tress! They are an essential part of helping our weather patterns! They provide us with life giving oxygen! They provide homes for birds and other forest animals and foodmformthem as

weii!

Burning trees adds carbon to our atmosphere which adds to the warming of our planet!

We must take care of these and all habitats to save our planet and all the species that live on it!

WE ONLY HAVE ONE PLANET! PLEASE DO NOT DESTROY IT!
