Comments: Hello,

As a lover of Wilderness, I write today to oppose using chainsaws to clear trails in Wilderness. Dead and dying trees should be left alone in Wilderness to return to the Earth as they are meant to. If a tree must be removed for safety reasons, please use hand saws.

Once gone, Wilderness cannot be brought back in the same state. The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.

Protect Wilderness!

Thank you
