Comments: Would appreciate the following as issues of concern on my part that I would like you to consider:

I do oppose using chainsaws to clear trails in Wilderness.

Please leave dead, dying & decaying trees in Wilderness.

I would like to see the Forest Service use only crosscut saws & not chainsaws when clearing trails of only fallen trees that need to be removed.

The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.

Thank you!
