Comments: I would to object specifically to the closure of Quartz Creek Road, Sugar Creek Road, Three Mike Road, the upper road to Cinnabar, the access Road to the Red Metal Mine and any other trails or roads in the area. Also opening a bypass above the slide near the Eugin Ranch would be beneficial. There was a time when I could access lots of area horse back. My advanced age does not allow for that any longer. I am able to travel via my side by side and would like to continue to do so. I would love for my great grand children to be able to do the same. Keep roads open for us to enjoy. Thank you, Lloyd Welborn.
