Title:

Comments: To whom it may concern,

I oppose using chainsaws to clear trails in Wilderness and feel that dead and dying trees should be left alone in Wilderness unless they obstruct a hiking trail or service road.

The Forest Service should use crosscut saws, not chainsaws, to clear trails of only the fallen trees that must be removed.

Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails

The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries.

Thank you for your time.

Sincerely,

Theodore King
