Comments: Hello,

I'm writing because of my concern with the Grand Mesa, Uncompahgre and Gunnison Forest Plan revision #51806. I strongly support alternative C with corrections, modifications.

I've been visiting this forest from Minnesota for 25 years because I enjoy the off-road motorcycle single track trail opportunities. I believe it to be the best in the country.

I align myself and support the TPA, CORE and CSA organizations.

Thank you,

Matt Stavish
