Comments: I oppose using chainsaws to clear trails in Wilderness. Don't you understand what the wilderness act says?

Dead and dying trees should be left alone in Wilderness.

The Forest Service should use crosscut saws, not chainsaws, to clear trails of only the fallen trees that must be removed.

Wilderness visitors should be allowed to experience nature on its own terms, including any risks that entails.

The Forest Service needs to exclude all Wilderness areas from this project, including any encroachment from activity on wilderness boundaries. The boundaries of wilderness areas have to have at least a 1000 foot buffer to limit encroachment on the wilderness areas!

ONE MORE TIME: KEEP YOUR CHAINSAWS OUT AND AWAY FROM WILDERNESS AREAS!
